

Connecticut may be the 3rd smallest state in the USA, but it's home to over 3.5 million souls. That makes it the 4th most densely-populated state, with an average of 743 souls per square mile. The present and potential work of the ministry here is great!

Volunteers show off their GOOD NEWS bumper stickers during our annual Faith Sharing marathon in October.

This is a drone view of the WIHS studio on South Main Street in Middletown, where our staff of over 20 employees works 24/7 to provide listeners with "live and local" hope and encouragement.

WIHS has a tabletop display (not shown) and this exterior pop-up tent. They're used by WIHS staff and volunteers to "shine the light" at events across the State.

## Together in Him, we are making a difference.

It's no secret that Connecticut is not the "Bible Belt." In the midst of this very secular culture, **WIHS (We're In His Service)** 104.9 FM is the "granddaddy" of evangelical Christian media in Connecticut. We've been on the air 24/7 since Fall of 1969.

For over 50 years, **WIHS** has shared the Good News of Jesus Christ with listeners across Connecticut as well as portions of Long Island and Western Massachusetts. We've consistently provided a broad, balanced spectrum of inspiration and information to the diverse Body of Christ here. From children to seniors. From city to country. From traditional to contemporary. From all ethnicities, economic and cultural backgrounds.

To this day, **WIHS** remains a commercial-free, debt-free non-profit 501(c)3 ministry\* with the same vision and mission.

No other media outlet has energized, mobilized and unified the Body of Christ across Connecticut as **WIHS** has, to which we give all the honor and thanks to the Lord. God willing, the best is yet to come. The fields are still ripe unto harvest!

In addition to broadcasting 24/7 on 104.9 FM, our digital footprint continues to grow. We stream our content through our mobile-friendly, highly-interactive, resource-rich website.

We publish an e-newsletter, make posts on our Facebook page and on our WIHS 1049 YouTube channel, which contains hundreds of **WIHS** programs.

Please plug in by praying, listening, sharing, promoting, volunteering, and financially supporting us.

We also want to partner with your church or ministry for His Kingdom. Click [www.WIHSradio.org](http://www.WIHSradio.org) or call 860.346.1049 today for details.

**Broadcasting the Good News of Jesus Christ!**
